Waterconnection	Ø 63 mm (PVC DN 50)
Waterconsumption	5 m ³ /hr
Waterpressure	1,6 bar
Max. waterdepth	350 mm
Standard colours	Blue, red, yellow, black
Mounting	Aqua Drolics System C
Place of spoutnozzles	In consultation

Helicopter: 4004

The helicopter is standard with four push buttons on the half a ball. Four nozzles spout water when the push button is pushed and one nozzle spouts water continuously. You can choose which nozzle spouts water continuously.

- 1 Water spouting from the four large blades from the top of the helicopter.
- 2 Water spouting from the three small blades from the back of the helicopter.
- 3 Water spouting from the right ski from two places.
- 4 Water spouting from the left ski from two places.
- 5 Water spouting from the front of the helicopter from two places.
